

DuPont™ Tyvek® Vivia

NEW PRINT MEDIA FOR WIDE FORMAT PRINTING

Discover the distinctively soft print media uniquely designed for UV-cure inkjet and screen printing

Banners and signs made with DuPont™ Tyvek® Vivia deliver excellent printability for bold graphics, resist creases for a more polished look and offer superior durability for indoor and outdoor applications.

DuPont™ Tyvek® Vivia represents a sustainable solution for wide format printing—delivering a rich, velvety finish that's easy to print, with excellent drapeability and durability.

Resembling scrimless vinyl, yet more luxurious to the touch, DuPont™ Tyvek® Vivia combines the trusted performance of DuPont™ Tyvek® print media with a proprietary coating developed by DuPont to deliver superior print quality, drapeability and flexibility in wide format applications. Just as with traditional Tyvek®, Tyvek® Vivia can also be recycled at centers that recycle flexible high density polyethylene products—a meaningful advantage for today's environmentally-sensitive printers.

Excellent drapeability/crease resistance

DuPont™ Tyvek® Vivia has a soft, fabric-like drape with subtle substance that allows it to hang exceptionally well. In addition, it has low memory which helps resist creases, curls and wrinkles for an appearance that continues to look like new.

Tyvek.

Superior print quality

The proprietary coating on DuPont™ Tyvek® Vivia creates an unusually bright, white finish as well as excellent ink adhesion, which allow for outstanding reproduction quality of detailed graphics and bold photography. DuPont™ Tyvek® Vivia is particularly suitable for UV-cure inkjet and screen printing.

Plus all the benefits of DuPont™ Tyvek®

In addition to the special coating features designed for wide format printing, DuPont™ Tyvek® Vivia print media has the same performance you've come to expect from DuPont™ Tyvek® print media, including:

- light weight to help reduce shipping costs
- tear- and puncture-resistance
- recyclability
- weather-resistance
- fade-resistance

Sizes ideal for wide format

DuPont™ Tyvek® Vivia can be produced in rolls up to 116" wide to accommodate a wide range of printers and wide format applications.

Whether you're printing banners, POP displays, or other indoor/outdoor signage, DuPont™ Tyvek® Vivia delivers superior drapeability and print quality—with the durability needed to keep your messages looking sharp, indoors and out.
